

February 2025 Newsletter & Calendar

Farm d' Allie Golf Club is Acadiana's premier golf facility, the commitment to excellence remains stronger than ever. The 2025 season promises to be exciting with numerous improvements planned to further elevate the golfing and customer service experience. A team of experienced professionals from inside the golf shop, food & beverage service to our links outdoors are planning many new improvements for all to enjoy. Scott LeBouef and his staff are dedicated to enriching the golfers experience with pristine conditions of greens, fairways, tee boxes and much more comprehensive improvements to come in the near future. Heading up our golf shop staff is our new Head Golf Professional Ian Shelby. Ian's knowledge of golf operations to include up to date men & women's merchandise, tournament organization and over all golf enthusiasm, will help improve and rebuild the facility with excellent customer service.

Farm d' Allie has always been more than just a golf course-it is Louisiana's most natural golf experience thanks to Allison Ramsay Banks vision; not only has it endured but evolves to meet the changing need of today's golfers from the links, to the golf shop to the after-golf drinks and eating experience. Thank you to the loyal members who have made this their golfing home over the years. You play an integral role in the continued success and growth of Farm d' Allie.

Fairways & Greens,
Allie Ramsay Banks
Scott LeBouef – Green Super Attendant
Ian Shelby – Head Golf Professional
